

#### How do we implement I. A.M. STRONG?

Army Leadership is pointing the way and joining with Soldiers across the Army in a commitment to free our Army of sexual assault and harassment.

We are creating a climate of strong bonds of trust. We are creating a climate of confidence within our team. Cultural change is successful when Soldiers reject the precursors of sexual assault. **Precursors to sexual assault are** sexual innuendos, sexual harassment and egregious indecent assaults. Proof of cultural change would be when sexual assault is eliminated in the Army.

We are creating a culture where Soldiers live the Warrior Ethos, where Soldiers never leave a fallen comrade, where Soldiers understand: a climate where every act, word, and deed tells another Soldier: "I've got your back."

I AM Strong. I AM Army Strong. And so are you.

Intervene, Act, and Motivate.

Join your fellow Soldiers in combating this crime.
